

Aon signs definitive agreement to sell benefits administration and HR business process outsourcing businesses to Blackstone.

The new company will amplify its position as a leader in human capital technology and administration, with a focus on providing exceptional retirement, health and HR services, enhanced by a world-class consumer experience.

Core Capabilities

Benefits Administration

Number one global benefits administration provider, offering comprehensive, tailored solutions and delivery for large- and mid-sized organizations.

HR Business Process Outsourcing

Market-leading cloud and service-enabled solutions that help organizations manage critical HR processes efficiently and effectively.

Consumer Experience

A full suite of consumer-level solutions that effectively connect employers to their employees and their families.
